

ADAPT THE V-SHAPES FORMAT WITH NEXO

A high-precision system for businesses looking to manufacture the V-Shapes format across varied products, pack shapes, and pack strategies, with greater agility built into production.

Best suited for brands requiring greater product, shape, and size flexibility.

Built to serve Food & Beverage, Personal Care, Healthcare, and Travel & Hospitality.

► More Shapes Less Friction

The patented Plier System enables multiple pack shapes with just custom moulds, making changeovers faster and innovation easier.

► Precision Across Products

Handles a wide range of viscosities and product types with controlled dosing and stable filling.

► Compact & Line-Ready

A smaller footprint with line integration supports agile manufacturing without compromising capability.

WHEN FLEXIBILITY CREATES THE ADVANTAGE

► More Sizes More Possibilities

Supports a wider range of sachet sizes and fill volumes, helping brands adapt formats across portfolios.

► Higher Yield Lower Waste

A patented welding system helps optimize material use, reduce side waste, and improve production efficiency.

► Fast to Change Easy to Integrate

A smaller footprint with line integration supports agile manufacturing without compromising capability.
